

## Elderly People Need This In Medicine Chest

To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.

NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.

Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.

A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, colds, loss of appetite and sleep, heaviness and a general dull feeling.

Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

**Women Owe Their Powers Of Attraction To Good Health**

We all know women who are pale, thin, devalitized, always looking tired and worn, with headaches, nervousness and "the blues." Contrast the attractiveness of such women with the cheerful, full blooded, rosy checked, vigorous energetic class, whose work is a pleasure and every step buoyant with health and vitality. Then choose for yourself to which type you had rather belong.

Many women in this city have been transformed from the former condition to the latter by Vinol, the cod liver and iron strength-creator and body-builder. It quickly enriches the blood and increases the supply of red blood corpuscles, enabling it to carry strength, health and vitality to every part of the body.

Ask your druggist for Vinol and do not accept any substitute.—Adv.
